## CODE OF CONDUCT

- a) It shall be competent of the Executive Committee to terminate the membership of any member who, in its opinion, has been guilty of any misconduct prejudicial to the interest of the Institute after full consideration of all the facts and provided that such a member shall have the right to give evidence of rebuttal either in person or by written communication to the Executive Committee or it's appointed alternates.
- b) In order to uphold the image of the Institute a member shall:
  - i) order his / her conduct so as to uphold the dignity, status and reputation of the draughting / design / allied profession
  - ii) discharge his / her duties to his / her employer, client or the public in an efficient manner with skill, competency and integrity
  - iii) not, whether practising his / her profession or otherwise, maliciously or recklessly injure, either directly or indirectly, the professional reputation, prospects or business of any draughtsperson, designer or allied professional person
  - iv) only undertake work which their education, training and practical experience have rendered them competent to perform and which they may only legally undertake
  - v) maintain the principles of sound practice and strive to improve knowledge and skills and apply such in the interest of the client, the public, the environment and allied professions
